## **Saturday Service for Tag Office Customers**

Augusta - The Motor Vehicle Division of the Tax Commissioner's Office is excited to announce that starting September 12, 2009 they will begin Saturday operations for your convenience at our South Augusta Tag Office located at 2029 Lumpkin Rd. The office will be available for business between the hours of 9 am -1 pm.

"I promised the citizens of our county that improving customer service would be a priority for organization," said Steven Kendrick, newly elected Tax Commissioner for Richmond County. "Through this effort, we will provide a convenient option for those who find it difficult to get to us on a traditional workday. The additional business day will allow the opportunity to renew your registration, process a title, and handle any other motor vehicle related business."

The Motor Vehicle Division's computers (GRATIS) are state owned and maintained. They have been notified of GRATIS Maintenance on the following Saturdays which will require that the office will be closed:

- Saturday, September 26, 2009
- Saturday, November 28, 2009
- Saturday, December 12, 2009

Please take note of the closings.

There are no plans for Saturday service for the Farmer's Market location at this time. This location is scheduled to open in a new facility on Laney-Walker Boulevard in January 2010.
